The screenshot displays the IBM Cognos Analytics with Watson interface. The top navigation bar includes the title 'IBM Cognos Analytics with Watson', a dropdown menu showing '2 items open', a search bar labeled 'Search content', and user profile icons. Below the navigation bar, there are four main action cards: 'Upload data' (with an upload icon), 'Prepare data' (with a data module icon), 'Exploration' (with a magnifying glass icon), and 'Present data' (with a presentation icon). Each card contains a brief description of its function. Below these cards, the 'Recent' tab is selected, showing a list of four uploaded CSV files. The list has columns for 'Name', 'Location', 'Type', and 'Last Accessed'. Each file entry includes a checkbox, a file icon, the filename, a 'CSV' label, the location 'My content', the type 'Uploaded file', and the last accessed time. A vertical ellipsis menu is visible to the right of each row.
